

TRANSPORTATION IMPROVEMENT PROGRAM PROJECT TL-0027

NC 54 Falconbridge Transit Access

Project Description

The NC 54-Falconbridge construction project aims to address critical transit access and transit operation safety concerns along NC 54 in the Falconbridge area in southwestern Durham County, thereby increasing transit ridership and reducing emissions. The project is located within City of Durham city limits from Farrington Road to Huntingridge Road. The project will provide safe pedestrian connections for transit users to existing and planned signalized crossings in this corridor, given the high speeds and traffic volumes on NC 54. The project includes construction of bus stop landing pads, shelters, benches, bus pullouts and tapers, sidewalk, curb and gutter, curb ramps, crosswalks, pedestrian median refuge islands, appropriate safety signage, pedestrian signal heads and complimentary traffic signal modifications, and other supporting roadway modifications.
